The Dentistry Show provides advice and guidance on more advanced techniques, offering an insight into the world of Endodontics and Periodontology for GDPs, as well as providing advice and guidance on more advanced techniques.

Renowned experts in the field will deliver presentations in the dedicated mini-theatre, Theatre sessions, with so many options available to patients it is vital that clinicians understand the benefits and training requirements of the respective systems – hear from the most popular UK suppliers who will be on hand to guide you through the clinical and financial considerations.

In order to meet this increasing demand on the profession, The Dentistry Show will, once again, host a Facial Aesthetics Theatre on the trade floor. Whether you are interested in expanding your treatment offering to include facial aesthetics or you wish to develop and enhance your existing skills to provide a higher calibre or more advanced treatments, this will be the perfect platform to do just this.

How to add an extra £120,000 annual income from facial aesthetics
Dr Harry Singh BDS, MFDP, Dental-Facial Aesthetician, OES, Brussels Town Club

The role of oral microbiota in oral health*
Dr Emanuele Cotroneo, Scientific Affairs Project Manager

Periodontics in 2019 – what can you achieve?
Dr Mark Ide, President, The British Society of Periodontology

Integrating the Invisalign System into Minimal Invasive Dentistry
Dr Jaswinder Gill BDS, Principal Dentist, Moonlight Dental Surgery

Delivering Safe and Ethical Short-Term Ortho for Every GDP
Dr Dev Patel, BDS (Lond), LDS, MFDPG, ESPHCS (Eng), MCKin.Dent

How to provide care that is safe, effective and caring? Are you responsive to your patients needs and is your practice well-led?
The following areas:

Concerns about regulatory compliance still remain high on the list of things causing stress and anxiety to the dental profession. Join Apolline’s dedicated “Compliance Clinic” which this year will focus on the five key questions the CQC ask when they inspect. Apolline’s sessions will help you understand how to demonstrate compliance in each of the following areas:

Does your practice provide care that is safe, effective and caring? Are you responsive to your patients needs and is your practice well-led?

With regulatory compliance becoming increasingly complex and time consuming, it has never been more important to ensure you are ahead of the game, so do please come and join us!

There’s more to this…
